Biography

With “a comic identity as distinctive as his name,” according to The New York Times, Conan O'Brien has firmly established himself in the late-night comedy universe. Hailed by The Washington Post as “modest, wry, self-effacing and demonstrably the most intelligent of the late-night comics,” O'Brien's unique brand of comedy has earned Conan the title “Late Night's King of Cool” from Entertainment Weekly.

Conan is one of the most beloved figures in comedy and late-night television. Conan's work on Saturday Night Live was recognized with an Emmy Award. He wrote, and eventually became supervising producer for FOX's The Simpsons. O'Brien later succeeded David Letterman as the host of NBC's Late Night. From 1993 to 2009, O'Brien combined his talents as writer, performer, and interviewer as the award-winning host of Late Night, which The Boston Globe dubbed, “the most consistently funny and original show on late-night.” During that time, he hosted the Primetime Emmy Awards several times. As part of a long-term plan at NBC, O'Brien moved from the host of Late Night to The Tonight Show. In 2010, O'Brien launched a brand-new talk show on TBS, appropriately titled Conan. When

he's not interviewing guests on Conan, he's interviewing them on his long-running, highly entertaining podcast Conan O'Brien Needs a Friend. Conan's career is marked by innovative thinking and creativity, and his reflections on this work make any event enjoyable and memorable.
