“

Danilo's track record of producing outsized results with cutting-edge technology at his current & prior roles might be unprecedented. In his 15-year career in this space, he has overseen hundreds of transformation projects that to date have delivered circa \$250 million in savings and counting. That is true transformation.

**Guy Nadivi**  
*Intelligent Automation Radio*

“

Danilo served on our advisory board for technology. He was instrumental in the development of our AI transformation strategy. His knowledge and access in this space is truly world-class. It was a pleasure interacting and working with him.

**Ursula**  
*Huntington Bank (a Fortune 500 company)*

““

Danilo McGarry is one of the world's best Generative AI speakers. He has been there and done it, running some of the world's largest AI programs in companies that run global economies. He solves and organizes complete transformative programs into bitesize deliverables that scale quickly. He is a genius at building synergies between technologies, strategy, structure, governance, and culture.

**Leigh**

*Inspired Media*

““

Danilo has the rare ability to operationally turn around companies and significantly grow them internationally – he proved it across industries and geographies. He has the entire executive tool box under his belt and implements super efficiently.

**Daniel**

““

What stuns me about Danilo is his depth of thought. The way that he can connect ideas from disparate industries and present them in ways that everyone can understand sets him apart as a Thought Leader and world-class Keynote Speaker. He is a leading light in the industry and my go-to person for industry trends and developments.

**Richard**

*Executive Chair  
MKAI.org*

““

Danilo's abilities to explain complex technical solutions in a business-friendly manner that can engage and delight any audience is admirable. I admire his ever-expanding appetite for knowledge and his eagerness to share new ideas. Above all, he is a great human being and my go-to guru for emerging technologies.

*Roboyo*

““

I have worked with many people in the Digital Transformation space but Danilo is in a class of his own. His programs at CitiGroup, UnitedHealth Group and the speeches I have attended have brought know-how I have never seen before from any other consultancies I have hired. He is a true practitioner that has been there and done it several times.
