Biography

Marcel Pesch: Founder of academy4.ai®

Marcel Pesch established academy4.ai® to provide comprehensive AI education and training programs. The institution empowers professionals and businesses to navigate the complexities of AI and integrate it effectively into their operations. As members of the KI Bundesverband, academy4.ai® is actively involved in advancing AI standards and best practices. Through initiatives like the Master Management with AI (MMAI®) program, Marcel and his team aim to bridge the gap between AI technology and its practical applications in diverse industries.

AI Expert & Keynote Speaker

As a sought-after keynote speaker, Marcel captivates audiences with presentations on cutting-edge topics such as “AI on Steroids,” “AI & Diversity and Inclusion,” “AI & Inequality of Opportunity,” and “AI & the Workforce of Tomorrow.” His talks blend thought-provoking insights with actionable strategies, making AI accessible and relatable for all.

Author & Passionate Coach

With over 15 years of experience, Marcel Pesch is passionate about coaching individuals and organizations to harness the power of AI. His ability to demystify complex concepts has earned him a reputation as a trusted advisor and mentor in the AI space.

Advocate for Diversity and Inclusion

Marcel is deeply committed to addressing societal challenges related to AI, including inequality of opportunity and bias in algorithmic systems. His work emphasizes the importance of ethical AI implementation and its potential to promote equity and inclusion in the workplace and beyond.

Educational Initiatives

Under Marcel’s leadership, academy4.ai® offers training programs that are often government-subsidized, making AI education accessible to professionals from various sectors. His mission is to equip the workforce with the knowledge and skills needed to thrive in an AI-driven world.
