### **Whose Boat Is This Boat?: Comments That Don't Help in the Aftermath of a Hurricane**

Whose Boat Is This Boat? Comments That Don't Help in the Aftermath of a Hurricane is a picture book made entirely of quotations from President Donald Trump in the wake of Hurricane Florence. It is the first children's book that demonstrates what not to say after a natural disaster. On September 19, 2018, Donald Trump paid a visit to New Bern, North Carolina, one of the towns ravaged by Hurricane Florence. It was there he showed deep concern for a boat that washed ashore. "At least you got a nice boat out of the deal," said President Trump to hurricane victims. "Have a good time!" he told them. The only way his comments would be appropriate is in the context of a children's book—and now you can experience them that way, thanks to the staff of The Late Show with Stephen Colbert. Whose Boat Is This Boat? is an excellent teaching tool for readers of all ages who enjoy learning about empathy by process of elimination. Have a good time!

### **America Again: Re-Becoming the Greatness We Never Weren't**

Book store nation, in the history of mankind there has never been a greater country than America. You could say we're the #1 nation at being the best at greatness. But as perfect as America is in every single way, America is broken! And we can't exchange it because we're 236 years past the 30-day return window. Look around--we don't make anything anymore, we've mortgaged our future to China, and the Apologist-in-Chief goes on world tours just to bow before foreign leaders. Worse, the L.A. Four Seasons Hotel doesn't even have a dedicated phone button for the Spa. You have to dial an extension! Where did we lose our way?! It's high time we restored America to the greatness it never lost! Luckily, America Again will singlebookedly pull this country back from the brink. It features everything from chapters, to page numbers, to fonts. Covering subject's ranging from healthcare ("I shudder to think where we'd be without the wide variety of prescription drugs to treat our maladies, such as think-shuddering") to the economy ("Life is giving us lemons, and we're shipping

them to the Chinese to make our lemon-flavored leadonade") to food ("Feel free to deep fry this book-it's a rich source of fiber"), Stephen gives America the dose of truth it needs to get back on track.
